With 68 stunning miles of coastline, Falmouth is the perfect place for those who love the sea. Falmouth is well known for its beautiful beaches and the warm waters of Buzzards Bay and Vineyard Sound; water temperatures average 70 degrees in the summer, and sunbathers can enjoy our beaches through late autumn.

With ten public beaches (9 salt water beaches and 1 fresh water beach) covering 12 miles of sandy shore, Falmouth has the most public beaches on the Cape, and dozens of inlets that can be explored either on foot or by boat. Many of our beaches are handicapped-accessible and all offer beach wheelchairs (reservation required). Many lodging establishments in Falmouth offer or sell daily parking passes. Call 508-548-8623 in-season for more information. www.falmouthmass.us
Falmouth Beaches

The following is a list of beaches managed by the Falmouth Beach Committee 508-548-8623. During the summer season, each location is staffed with lifeguards, and swim lessons are offered. All are handicapped accessible unless otherwise noted.

Bristol: This beach, located in “Falmouth Heights” neighborhood, has plenty of parking and beautiful views. A small creek, which ebbs and flows between Little Pond and Vineyard Sound, is a great place for youngsters to attempt to catch sea creatures caught in the tidal surge. Beach sticker required for parking.

Chapoquoit: This location is a favorite of many families. White sand and beautiful open ocean views greet beachgoers, while windsurfers are welcome on the north end of the beach. Beach sticker required for parking.

Falmouth Heights: The beach at Falmouth Heights on Vineyard Sound is long and boasts plenty of beautiful sand. The water is warm and views of Martha’s Vineyard are outstanding. A new ramp has been installed for handicap access. A beach sticker is required and parking is limited.

Grew’s Pond: Located in Goodwill Park off Gifford Street, this is a fresh water pond staffed by lifeguards. Grew’s Pond boasts a nice sandy beach. Grills and picnic benches are available, and a covered pavilion provides shelter. No sticker required.

Megansett: This beach is located along the shores of Buzzards Bay. Frequented primarily by neighborhood families, Megansett is a great location for viewing a sunset. A beach sticker is required and parking is limited.

Menauhant: Located on Vineyard Sound, this is the longest beach in Falmouth, and is divided into an east side and a west side by a tidal stream that connects Bourne’s Pond to Vineyard Sound. Beach sticker required or a one-day fee of $10 can be paid to the gate attendant for parking.

Old Silver: This beach is by far the most popular on the Cape. The parking lots are divided into two sections: one for residents and one for the public, which is accessed by paying a daily entry fee of $20. Concessions, showers and changing rooms are available. People come from great distances to enjoy Old Silver’s pure white sand. Parking is ample, but come early; the lots fill up fast on hot summer days.

Because of its expansive coastline and nine pristine harbors, Falmouth is a haven for boaters and sailors. For details on specific areas for anchoring, consult your chart and coast pilot. For specific information, radio the Falmouth Harbormaster on VHF Channels 9 and 16 or call 508-457-2550. Note: the entire Massachusetts coast is a “no discharge zone” within three miles of shore.

Saltwater and freshwater fishing in Falmouth are hard to beat. Whether it’s surf-casting for stripers and bluefish, or tossing a line for trout and small- or large-mouth bass, Falmouth delights both seasoned and novice fishermen. Anglers can fish from one of Falmouth’s many docks, bridges, and jetties, or surfcast into the breaking swells off our public beaches. Many ponds and rivers also offer prime freshwater catches. Charter fishing excursions and boats are available in season. Licenses are required for both salt water and fresh water fishing. For Massachusetts fishing licenses, visit www.massfishhunt.org.

The Shining Sea Bikeway, part of a larger network of Falmouth Bike Routes, and the only route solely dedicated to bike and foot traffic, is a 10.7-mile paved pathway that weaves through four of Falmouth’s eight villages from Woods Hole, on Vineyard Sound, through salt marshes, wooded uplands, a cranberry bog and through a historic farmstead into North Falmouth. The bikeway occupies the Old Colony rail bed and offers views of “kettlehole” ponds, barrier beaches, salt marshes, cedar swamps, and the open waters of Vineyard Sound and Buzzards Bay. Echoes of Falmouth’s rich agricultural heritage are visible in the remaining rock walls that dot the landscape and the seven cattle tunnels that cross underneath the Bikeway.

On Cape Cod, this bikeway, whose name honors Falmouth native Katharine Lee Bates, author of the song “America the Beautiful” with its line “… and crown thy good with brotherhood from sea to shining sea,” is unique as the only bike path that skirts the seashore.

The Bikeways Committee supports and advises on the use of bicycles throughout the town for transportation and recreation. Several vendors provide bicycle rentals and a comprehensive map of Falmouth’s entire inventory of bike routes can be downloaded from the town website: www.falmouthmass.us/401/Bicycle-and-Pedestrian-Committee

Falmouth’s first European settlers came to “Suckanesset” in the 1660s, buying land from the Native Americans with the consent of the Court of Plymouth Colony. Their first houses, farm lots and common grazing lands were on the neck between Salt and Fresh Ponds. The town was incorporated in 1686. Eight years later, its name was changed to Falmouth in honor of the homeport of Bartholomew Gosnold, who in 1602 may have been the first English explorer of Cape Cod. This established New England coastal community has witnessed the ebb and flow of four centuries. From the Wampanoag tribe (“People of the First Light”) and courageous Yankee whalers, to salty sea captains and Revolutionary War soldiers, every nook and cove of Falmouth is home to a remarkable tale. Stroll past the birthplace of Katharine Lee Bates, the author of “America the Beautiful,” or visit the shore at Surf Drive, where residents endured an attack by the British warship HMS Nimrod in 1814. Stand beside the noble sentinel Nobska Lighthouse, one of America’s most historic and lovely lighthouses, and then explore the former whaling port of Woods Hole.
Sites of Interest

EAST END MEETING HOUSE This meeting house dates from the late 1700s. In the 1980s, the East End Congregational Religious Society gifted the meeting house to the Falmouth Jewish Congregation who refurbished and transformed it into their synagogue.

FALMOUTH CONGREGATIONAL CHURCH This historic church in the town center houses a bell cast by none other than Paul Revere, which reads, “The living to the church I call and to the grave I summon all.”

FALMOUTH MUSEUMS ON THE GREEN Dedicated to preserving Falmouth’s past and making it accessible to the public through museums, walking tours, trolley tours, gallery talks and other activities.

HIGHFIELD HALL & GARDENS This restored 1878 summer home of the Beebe family of Boston is a “must see” for Cape Cod visitors. Now a cultural center offering concerts, festivals, art exhibits, culinary classes, educational and family programs. The public is welcome to walk the trails in the surrounding 300 acre woodland.

NOBSKA LIGHTHOUSE Gaze at Falmouth’s most famous site, a skyward stretching beacon that has guided mariners to safety since 1829. The keeper’s house is being transformed into a maritime museum.

NORTH FALMOUTH CONGREGATIONAL CHURCH When this church was founded in 1832, 22 of the original 40 members had the last name of Nye. It is a quaint and well-kept relic of Falmouth’s past.

OLD BURIAL GROUND Jonathan Hatch was one of the first inhabitants of the town of Falmouth more than 300 years ago. His remains lie with others among early residents of the town in the Old Burying Ground off Mill Road.

FALMOUTH

Falmouth Village is the heart of this classic New England town. In the 1600s, the first European residents settled on the neck of land between Siders and Salt Ponds, near the present-day Old Burying Ground. Falmouth is now the second largest town on Cape Cod, with over 33,000 year-round residents. Replete with historic charm, the Village Green—one of seven National Historic Districts in the town—is encircled by engaging and hospitable bed and breakfasts, Falmouth Museums on the Green and the birthplace of Katharine Lee Bates. Vibrant but charming Main Street, just steps away from the Village Green, hosts unique shops, a wide variety of restaurants and delightful boutique art galleries. Falmouth Village is also where you will find bustling Falmouth Harbor, tranquil Beebe Woods and popular Surf Drive Beach. On the east shore of Falmouth Harbor, Great Hill, the highest point of land on Vineyard Sound, offers spectacular ocean vistas and hosts several Carpenter Gothic (gingerbread) cottages built at the turn of the 19th century. This area, known as Falmouth Heights, was a summer resort originally developed by businessmen from Worcester, Massachusetts, in the 1870s, and many of the original houses and pocket parks remain today.
EAST FALMOUTH

Situated between the Coonamessett and Childs Rivers, this thriving village, originally home to the fledgling but short lived mill industry, and a flourishing cranberry industry that still exists, has been the agricultural heartland of Falmouth. It was settled by a large influx of immigrants from Portugal, the Azores and Cape Verde Islands, who, by the 1920s, were the driving force behind making East Falmouth the largest producer of strawberries per acre in the nation. Although most of the farmland has been converted into residential and commercial properties, East Falmouth is still agriculturally focused. The Cape Cod Fairgrounds hosts several events throughout the season, including the County Fair and the Harvest Festival. Ashumet Holly Wildlife Sanctuary is well known for its 65 varieties of holly trees and bird-watching opportunities abound there and at Sea Farms Reservation on Green Pond. East Falmouth Village retains over a dozen working farms, five excellent golf courses and the attractions of Menauhant Beach, one of Falmouth’s 10 inviting public beaches.

HATCHVILLE

Named for Jonathan Hatch, a descendant of Falmouth’s original settler, Hatchville, one of Falmouth’s more rural villages, was laid out in 1712 and centered around the old East End Meeting House on Sandwich Road. Once an important dairy center and large farming tract, by 1936 the village that surrounds Coonamessett Pond had become primarily a recreational area and is now largely comprised of residential housing interspersed with cranberry bogs, ponds, small farms, conservation land and woodlands. Coonamessett Farm, an active farm co-op on Hatchville Road, offers activities for the entire family. Many cranberry bogs offer public harvesting in the fall. Outdoor enthusiasts will enjoy exploring the 2,000 plus acre Francis Crane Wildlife Reservation.

NORTH FALMOUTH

Our northernmost village, accessible by the Shining Sea Bikeway, remains one of the most bucolic of Falmouth villages. Enjoy a drive along Old Main Road to see period architecture dating back to the 1730s or follow the footpath through 20 rolling acres of the Roskovics Conservation Area, where soldiers once bivouacked during World War II. A visit to North Falmouth would not be complete without a stop to Old Silver Beach, a Cape Cod best beach, where the sand is soft, the swimming is good and the sunset over Buzzards Bay is extraordinary.

TEATICKET

Ta-Ta-ket, the name given this village by the Wampanoag Indians, translates to “at the main tidal stream.” Where once there was a confluence of freshwater streams flowing through pine groves and farm land, one of Falmouth’s most dynamic commercial districts now exists. Graced by its own village green, Teaticket is a thriving residential area and retail hub which includes antiques, handcrafted furniture, markets, eating establishments and a variety of retail shopping opportunities.

WAQUOIT

Waquoit, Falmouth’s smallest village, is also its least developed. Much of Waquoit, together with Washburn Island, has been placed on the National Register of Historic Places. Native American artifacts, including hammer flakes and shell middens, dating back several thousand years, have been discovered on the island. The Waquoit Bay Estuarine Research Reserve, a living laboratory, is part of the Massachusetts State Parks system and its visitor center is open year round, offering educational opportunities to the public to learn about Cape Cod’s ecological resources. Within Waquoit you will find open waters, salt and fresh marshes, barrier beaches, sand dunes, rivers, mixed pine and oak forests, and sand plain grasslands, making this an ideal place to connect with the nature of Cape Cod.
WEST FALMOUTH

West Falmouth, where weathered saltbox cottages and shingle-style summer homes are nestled among groves of oak and pine, contains some of Falmouth’s oldest architecture. West Falmouth’s highlands, some of the highest ground on Cape Cod, provide exceptional seaward vistas across Buzzards Bay. A drive along beautiful West Falmouth Highway or a bike ride on the Shining Sea Bikeway will bring you to Bourne Farm, built in 1775. Acquired by Salt Pond Areas Bird Sanctuaries, Inc. in 1980, Bourne Farm is located on over 49 acres of fields, trails, and woodlands that overlook lovely Crocker Pond, and is open to the public for hiking and picnicking. Don’t be fooled by West Falmouth’s serene atmosphere; some of the East Coast’s most electrifying windsurfing can be found off of beautiful Chapoquoit Beach.

WOODS HOLE

At the southern end of the Shining Sea Bikeway, this salty village is bustling with scientists, residents, and visitors. Follow the sea to Woods Hole and take a moment to enjoy the lovely landscape of Spohr Gardens, and then travel on to Nobska Lighthouse, one of Falmouth’s most notable landmarks. As you round Little Harbor, stop and visit the Woods Hole Historical Museum where you’ll see a diorama that depicts an earlier time. In the village, you’ll cross over the Eel Pond drawbridge to find waterfront restaurants, art galleries and distinctive boutique shopping. Visit the oldest aquarium in the nation, where the kids can get hands-on with the touch tanks. Best known for its scientific community, Woods Hole is home to world renowned Marine Biological Laboratory, NOAA Northeast Fisheries Science Center, Sea Education Association and the Woods Hole Oceanographic Institution (home to the discovery of the Titanic). Free tours of these institutions are offered seasonally and year round. Returning from Woods Hole to Falmouth, The Knob, a hidden gem on Quissett Harbor, offers a short hike to view a radiant sunset over Buzzards Bay.

A life-sized David Lewis bronze statue of environmentalist and writer Rachel Carson (1907-1964), was dedicated in 2013. Carson, who studied and worked in Woods Hole for many years, wrote Silent Spring, the book that many feel was the beginning of the worldwide environmental movement.
In 2009 the Town of Falmouth was designated a “Preserve America Community” by the White House. This significant award, given in perpetuity, distinguishes Falmouth as the only Cape Cod town to be so honored. In 2010 we joined nineteen other communities or neighborhoods in Massachusetts that are “Preserve America” communities or neighborhoods. This award is a tribute to the Town’s historical organizations and individuals who have helped to keep our town’s history preserved and relevant for us and for the future.

Our town is alive with stories of heroes and common folk—whalers and fishermen and farmers—who built their own homes and made their living here in a variety of trades and professions, from salt-making and growing strawberries to processing guano for fertilizer, brick-making and cranberry-growing. This award is a tribute to those who lived here over the past 350 years, who have lent their time towards the preservation of our past, who have physically toiled on the upkeep and restoration of our historic buildings, who staff historical organizations and committees, who serve as docents and volunteer for special events, who donate to the preservation of our town too many to mention here by name, but who are thanked for their selfless efforts to remember Falmouth roots and Falmouth historical events.

The “Preserve America” program was started in 2003 as a federal effort to encourage and support community efforts for the preservation and enjoyment of America’s priceless cultural and natural heritage. The program is administered by the Advisory Council on Historic Preservation in partnership with other federal agencies. To date a total of 751 cities, counties, tribes and neighborhoods in 50 states, Washington D.C., Puerto Rico and the U.S. Virgin Islands have also received this award, 20 of them in Massachusetts.
Falmouth’s unique seaside setting offers everything from the traditional to the unconventional for receptions, rehearsal dinners, parties and even ceremonies on the beach. Arranging for your special day is easy in Falmouth. We look forward to helping you create your ultimate wedding experience. Our Cape Cod town boasts quintessential New England churches, spectacular gardens, seaside mansions and blissful bed and breakfasts, all outfitted to meet your wedding needs.

Falmouth’s miles of coastline create a gorgeous backdrop for bringing your romantic dreams to life. Whether it’s a ceremony by the sea or photographs on the beach, Falmouth has everything to commemorate your special day.
Marrying In Massachusetts

Massachusetts General Law requires, with the exception of special circumstances, that you and your significant other must appear in person at the Town Clerk’s Office in order to obtain a marriage license. Your marriage license will be on file in the town where you file your Intention of Marriage. Your marriage ceremony may take place in any town in Massachusetts. You must be at least 18 years old to be married, or you must have a court order granting an exception. Massachusetts allows for same sex marriages; all couples are welcome, whether you reside in our state or not. We invite everyone to experience their special day in our town.
From Charming Harbor-side Chapels to beautifully renovated historic buildings, Falmouth's places of worship are filled with faith and history. Our town offers some of the most beautiful places of worship, with pristine white steeples and churches still standing with their original stones. Each place of worship offers something unique—some are home to bells cast by makers of history, some offer breathtaking views you can only find in our picturesque seaside town, while others offer a place to worship in the original structures where our forefathers knelt to pray.
